My smoking-hot new logo says it all.

A few hours ago, a dream of mine came true: my name was up on one of the greatest literary lists. I am officially a USA TODAY bestselling author. And that's thanks to all those of you who shared [Myths & Legends](#) on your social networks and who preordered it.

As promised, I want to give back. So, with 4 of the authors from the box set, I've set up a little giveaway. I don't know if you're familiar with Amazon's voice-controlled speaker but it's amazing. I still haven't gotten one for myself as I'm waiting for the demise of my old soundbox, that weighs as much as my toddler. Next to the Echo Dot it looks like those boomboxes we toted around in the 90s. Anyone remember those?

What I'm reading...

THE KEEPER OF DRAGONS by J.A. Culican

With over 100 5-star reviews, this epic fantasy from a USA TODAY bestselling author will keep you flipping through the pages well into the night.

The Keeper of Dragons is the riveting first book in an "unputdownable" series bursting with magic, action, and humor. My favorite combination!

DARKFEVER by Karen Marie Moning

Lately I've been immersing myself in faerie worlds to make [Rowan Wood Legends](#) even more awesome than [Rose Petal Graves](#). I'm

already at book 4 of this series. 3 words:
Amazing. Grab it.

MacKayla Lane's life is good. She has great friends, a decent job, and a car that breaks down only every other week or so. In other words, she's your perfectly ordinary twenty-first-century woman. Or so she thinks . . . until something extraordinary happens.
